

MEMORANDUM

TO: Jackie Brown, Director
PHED Committee

FROM: Barbara J. Stone, Administrator
Board of Appeals

DATE: September 27, 2021

RE: Legislative Referral – CB-086-2021

The following comments have been generated from the Board of Appeals regarding CB-086-21.

The Board of Appeals would like to note that it has historically operated for well over 75 years with three experienced members and has never had any issues regarding having a quorum to conduct the business of the Board.

The Board is somewhat concerned that additional members may unnecessarily lengthen the time in which decisions are determined as a body and may needlessly increase the workload for the current staff of only three (3) without any benefit.

We do understand that the dates in the proposed bill will need to be corrected at time of committee.
