Name: Sitting as the Board of Health  
Type: County Council  
Description: The County Council Sitting as the Board of Health

Under state law, the Board of Health, which in Prince George's County is the County Council, must meet at least semi-annually during May and October. In practice, it meets in that capacity far more often to consider various aspects of local Health Department policies and programs and a rather broad spectrum of related health issues.

State law permits the local Board of Health to adopt and enforce all rules and regulations concerning nuisances and causes of sickness within its jurisdiction, as long as these are not contrary to and are at least as stringent as existing laws, rules and regulations promulgated on the state level. The local Board may also establish all fees and charges in connection with local regulation.

The Rules of Procedure used by the council sitting as the Board of Health are the same as those for the council sitting as the County Council. Legislation concerning health policy and programs is also subject to the same legislative process as other pieces of legislation.
